You can create Discount Coupon for selected category or for all categories. If the coupon is valid for all categories, please select All

Coupon name is just for admin reference purpose only. To enjoy discount, user has to enter "Coupon Code"

Discount by percentage will calculate up to two decimal only. Example : if final amount (after discount) is MYR22.7221, system will calculate as MYR22.72 only. For fixed amount discount - example : Original price MYR55.00, discount voucher value MYR10.00, so final total will be MYR45.00

If user purchase amount smaller than "Min Purchase" amount, no discount will be given

Example : if total coupon = 10, this coupon code can be used up to 10 times only
